WellSpace Health's Immediate Care program is a convenient option when your regular healthcare provider is unable to offer a timely appointment. Rather than waiting for hours in an emergency room, patients can receive same-day care for the evaluation and treatment of illnesses and injuries that need prompt attention but are not life-threatening.

Services provided:

- Treatment of illnesses (allergies, asthma, cough/cold, eye/ear infection, fever, flu)
- Treatment of minor injuries (cuts, strains, burns, insect stings, minor back and muscle pain)

All forms of insurance are accepted for immediate care; sliding fee is offered for qualified uninsured patients.
